

## PRIME CONSULTANCY

We advise international companies to establish and administer their business operations in Indonesia. Founded in January 2011, PRIME Consultancy is located in the heart of Indonesia's vibrant capital, Jakarta. Our founders, Volker Bromund and Jochen Sautter, provide consultancy based on their extended experience established since the end of the 90s. Therefore their expertise is particularly beneficial for international companies, which aim to expand their business in Indonesia based on high quality professionals, industry insight as well as local knowledge.

## INDONESIA

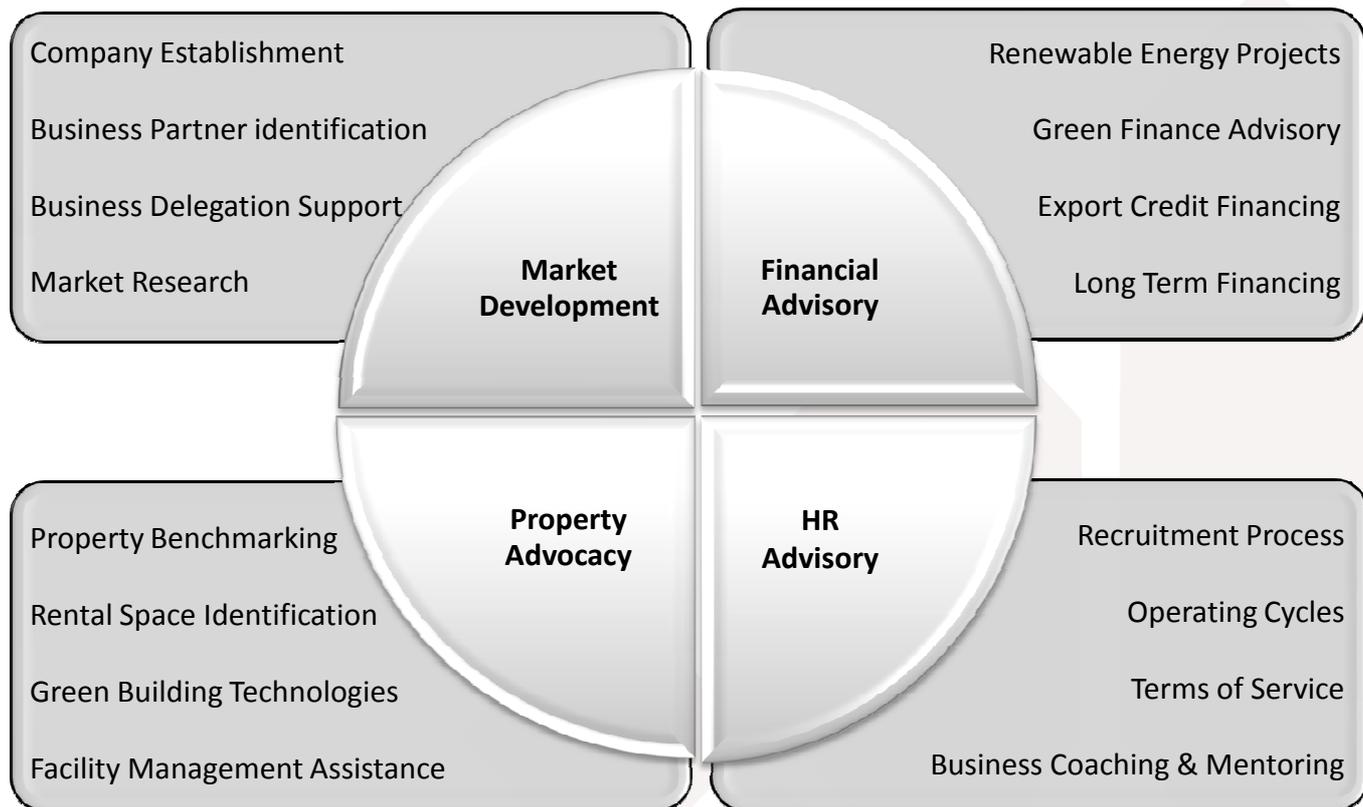

Southeast Asia's largest economy is once again booming and has become increasingly attractive for international investors of a wide range of industries. The modern Indonesia is rightfully known for its vast growing consumer markets, wealth of natural resources, stable economic growth and its democratic political system. With a GDP surpassing US\$ 1 trillion for the first time in 2012 and a population of 245 million people at that time, some experts predict Indonesia could become one of the world's largest economies by 2030, overtaking Germany and the United Kingdom. Indonesia takes an integral role in the creation of an ASEAN trade zone and had become a member of the G20 showing highly influential i.e. in negotiating the Bali agreement of the WTO in December 2013.
